Dr. Silvan Pollozek
Pollozek@europa-uni.de

Science & Technology Studies Group
Chair for Sociology of Technology
European New School of Digital Studies
European University Viadrina Frankfurt (Oder)

Große Scharrnstraße 59
15230 Frankfurt (Oder), Germany

Work Experience

02-04/2026	Visiting researcher at the Center for the Sociology of Innovation (CSI) at Mines Paris – PSL
02-05/2024	Visiting Researcher at the ERC funded research project DATAUNION at the Vrije Universiteit Brussel
Since 2021	Scientific employee at the chair of Sociology of Technology and member of the Science & Technology Studies group, European New School of Digital Studies (ENS), European University Viadrina Frankfurt (Oder)
2015-2020	Researcher at the Digital Media Lab, Munich Center for Technology in Society (MCTS), Technical University of Munich
2013	Tutor at the chair of Prof. Nassehi, Ludwig-Maximilians-University (LMU), Munich
2011-2012	Student assistant at the chair of Prof. Dr. Villa, General Sociology/Gender Studies, LMU

Education

2021	Dissertation, Technical University of Munich, Dr. phil: "Data circulation and the (re)configuration of European migration and border control. A praxeographic inquiry into the information infrastructure of the Frontex Joint Operation Poseidon" (summa cum laude)
2015-2021	Doctorate, Munich Center for Technology in Society (MCTS), Technical University of Munich with the research project: "Data circulation and the (re)configuration of European migration and border control. A praxeographic inquiry into the information infrastructure of the Frontex Joint Operation Poseidon"
2014	Master thesis: Body formations. An empirical study about (con)figurations of the body at receiving inspections (grade: 1.0)
2011-2014	M.A. in Sociology and Gender Studies at Ludwig-Maximilian-University Munich (final grade: 1.09)
2011	Bachelor Thesis: «It is somehow just the usual craziness». A qualitative study about intra- and intergenerational negotiation processes in family business (grade: 1.0)
2008-2011	B.A. in Cultural Studies at Leipzig University (grade: 1.0)

Academic Service

2025	Member of the doctoral committee of the faculty of cultural science at the European University Viadrina Frankfurt (Oder)
2021-2023	Member of the faculty council of the faculty of cultural science at the European University Viadrina Frankfurt (Oder)
2013-14	Member of the DGS Dissertations-Award Commission
2012-13	Member of the DGS Dissertations-Award Commission

Awards/Scholarships

2020	Winner of the John Urry Article Prize 2020 of the international journal Mobilities
2019-2020	Brückenstipendium der Europa-Universität Viadrina Frankfurt Oder from October 2019 until March 2020
2011	Award for the best thesis 2011 at the Institute of Cultural Studies, University of Leipzig
2009-14	Studienstiftung des deutschen Volkes (German National Academic Foundation)

Memberships

- COST Action DATAMIG (Core Group, Management Committee, Working Group Leader)
- Deutsche Gesellschaft für Soziologie (DGS)
- European Association for the Study of Science and Technology (EASST)
- European International Studies Association (EISA)
- Gesellschaft für Wissenschafts- und Technikforschung e.V. (GWTF)
- STS-MigTec (co-founder and member of the research network)
- STS Italia
- Viadrina Center B/Orders in motion (associated member)

Academic Reviewer

- Citizenship Studies
- Critical Policy Studies
- Critical Studies on Security
- Global Perspectives
- Internet Histories
- Papeles del CEIC. International Journal on Collective Identity Research
- Science as Culture
- Territory, Politics, Governance
- Environment and Planning C: Politics and Space
- Security Dialogue

Publications

2026	Pollozek, Silvan & Amelung, Nina (2026) How civil society organizations challenge the datafication of securitized migration control: on knowledge-based action repertoires in ecologies of contention. *Security Dialogue*: xhaf019.
2026	Pollozek, Silvan, Bellanova, Rocco & Passoth, Jan-Hendrik (2026) (accepted) Editorial. The technopolitics of database interoperability. In: Big Data & Society.
2026	Pollozek, Silvan et al. (eds.) (accepted) Migration Data Matters. A Keyword Approach to the Datafication of Migration and Border Control: Liverpool Press. (Handbook project as part of the COST Action Datamig, Working Group1)
2026	Pollozek, Silvan et al. (accepted) Keyword “Interoperability”. In: Migration Data Matters. A Keyword Approach to the Datafication of Migration and Border Control: Liverpool Press.
2026	Pollozek, Silvan et al. (accepted) Keyword “Failure”. In: Migration Data Matters. A Keyword Approach to the Datafication of Migration and Border Control: Liverpool Press.
2025	Pollozek, Silvan et al. (eds) (2025) Encounters between Science and Technology Studies and Border and Migration Studies. Athens University Press.
2025	Pollozek, Silvan, Bellanova, Rocco & Passoth, Jan-Hendrik (guest eds) Technopolitics of database interoperability. Big Data & Society Special Theme.
2025	Pollozek, Silvan, Ullrich, Maria & Usochova, Olga (guest eds) (special proposal accepted) Making public in the context of migration and border control. On securitization, non-citizenship, and secrecy. In Tecnoscienza. Italian Journal of Science & Technology Studies.
2023	Pollozek, Silvan & Passoth, Jan-Hendrik (2023) Provisional by design. Frontex data infrastructures and the Europeanization of migration and border control. In: Science as Culture.
2023	Pollozek, Silvan & Passoth, Jan-Hendrik (2023) Devices of suspicion. An analysis of Frontex screening materials at the Registration and Identification Center in Moria. Journal of Ethnic and Migration Studies. (open access)
2023	Pollozek, Silvan & Passoth, Jan-Hendrik (2023) Circulating data objects. On data spaces of European border control. In: Nina Klimburg-Witjes & Paul Trauttmansdorf (eds.) “Making Europe Through Infrastructures of In/Security”, London: Routledge.
2023	Pollozek, Silvan & Leese, Matthias (2023) Not so fast! Data temporalities in law enforcement and border control. In: Big Data & Society.

2022	Pollozek, Silvan (2021) Data circulation and the (re)configuration of European migration and border control. A praxeographic inquiry into the information infrastructure of the Frontex Joint Operation Poseidon. Dissertation (open access)
2020	Pollozek, Silvan (2020) Mapping European Border Control: On Small Maps, Reflexive Inversion and Interference. In: Social Inclusion. Special Issue "Method as Border: Articulating 'Inclusion/Exclusion' as an Academic Concern in Migration and Border Research in Europe". (open access)
2020	Pollozek, Silvan & Passoth, Jan-Hendrik (2020) Templates, Lists, Switching Points. Frontex Joint Operations and the Coproduction of Data Infrastructures and Governance beyond the Nation State. In: Zeitschrift für Medienwissenschaft, Special Issue on Circulation. (open access)
2020	Pollozek, Silvan (2020) Turbulences of speeding up data circulation. Frontex and its crooked temporalities of 'real-time' border control. In: Mobilities, Special Issue on Time and Normativities. (open access)
2019	Pollozek, Silvan & Passoth, Jan-Hendrik (2019): Infrastructuring European migration and border control: The logistics of registration and identification at Moria hotspot. In: Environment and Planning D: Society and Space, Special Issue on Data and Migration. (open access)
2013	Pollozek, Silvan (2013) Vom Abtasten und Durchleuchten – ethnographische Beobachtungen der Eingangskontrolle in einem Amtsgericht, in: Polar. Zeitschrift für politische Philosophie und Kultur. #15. S. 109-113.

Talks

2026	Pollozek, Silvan: "Affordances of Digital Tools in Shaping Migration Governance". Research Factory B/ORDERS IN MOTION, European University Viadrina Frankfurt (Oder), Germany, 4 February 2026.
2025	Pollozek Silvan: "Assembling criticality. On critiquing the datafication of migration and borders by civil society organizations". 12th European Workshops in International Studies, Krakow, Poland, 2-4 July 2025.
2024	Pollozek, Silvan & Amelung, Nina: "When it comes to the rights of people on the move, some technologies should be banned from the AI Act". Civil society and the contestation of the technopolitical production of Otherness, EASST, international conference, Amsterdam, Netherlands, 16-19 July 2024.
2024	Pollozek, Silvan: Data Infrastructures of European Migration and Border Control, lecture as part of the Ringvorlesung "Aktuelle mediensoziologische Forschungen", University of Bielefeld, Germany, 17 June 2024.
2024	Pollozek, Silvan: Interoperability and the fragmented integration of European security, public panel as part of WG1 workshop of the COST Action (CA22135) Data Matters: Sociotechnical Challenges of European Migration and Border Control, University of Utrecht, Netherlands, 09 April 2024.
2023	Pollozek, Silvan & Amelung, Nina: Issues remaining non-public. Exploring conditions of (im)possibility in the case of Eurodac, EWIS 2023.10th European Workshops in International Studies, Amsterdam, Netherlands, 12-14 July 2023.
2023	Pollozek, Silvan & van der Kist, Jasper: Testing devices in identity management and credibility assessment: Exploring their conditions of possibility at the German Federal Office for Migration and Refugees (BAMF), STS-hub, international conference, Aachen, Germany, 15-17 March 2023.
2022	Pollozek, Silvan & Passoth, Jan-Hendrik: Devices of suspicion. Turning unknowns into processable subjects at the Registration and Identification Center in Moria, EASST, international conference, Madrid, Spain, 9 July 2022.
2023	Pollozek, Silvan: Dataficatio and AI in the context of European migration and border control. A critical overview, Discussion forum *Science meets Society*, Fürstenwalde, 09/2023.
2022	Pollozek, Silvan: Provisory by design. Data circulation in joint border operations, Workshop: Border Regimes in the Age of Technoscience, University of Tübingen, Germany, 24 June 2022.
2021	Pollozek, Silvan: Merging risk analysis and crime investigations? The Frontex information system PeDRA and data travel across contexts, Crimmigration: On the

	merger of crime control and migration control at the Center for Advanced Studies (ZiF), University of Bielefeld, Germany, 12 October 2021.
2021	Pollozek, Silvan: Passing the test. Turning unknowns into processable subjects at the Registration and Identification Center in Moria, Annual International Conference of the Royal Geographical Society, London, Great Britain, 21 August 2021.
2021	Pollozek, Silvan & Passoth, Jan-Hendrik: Mapping European data infrastructures. Praxeological Encounters with Frontex Joint Operation Poseidon, European New School of Digital Studies research Seminar, Frankfurt Oder, Germany, 13 July 2021.
2021	Pollozek, Silvan: information systems, overlapping border regimes and 'grey zones'. An ethnographic analysis on the registration and identification Center in Moria, Gegenstandsbereichsgespräche at the Center B/ORDERS IN MOTION of the European University Viadrina Frankfurt (Oder), Germany, 16 Juni 2021.
2021	Pollozek, Silvan: Infrastructures beyond failure. Data circulation and the institutional (re)ordering of the Frontex Joint Operation Poseidon, STS-MICTEC online paper workshop, international conference, 25-26 January 2021.
2020	Pollozek, Silvan & Passoth, Jan-Hendrik: Templates, lists, switching points. Frontex Joint Operations and the coproduction of data infrastructures and governance beyond the nation state, Making Europe through Infrastructures of In/security, University of Vienna, Austria, 12-13 November 2020.
2020	Pollozek, Silvan: Counter-mapping Panoramas of European Border Control. Decomposing the Assemblage of the Moria Hotspot through Praxeographic Mapping, STS-MigTec Circle, 24 June 2020.
2020	Pollozek, Silvan: Territorializing migrants on a European, national and local level. The Registration and Identification Procedure at Moria Hotspot, Crimmigration: On the merger of crime control and migration control at the Center for Advanced Studies (ZiF), University of Bielefeld, Germany, 25-26 March 2020 [postponed by one year.]
2019	Pollozek, Silvan: Counter-mapping in institutional ecologies of European border control, Workshop: Care, Critique, Correction? Engaging with Migration & Crime Control Infrastructures, University of Minho, Portugal,14 November 2019.
2019	Pollozek, Silvan: Turning unknown arrivals into processable subjects. Devices of truth assessment at Moria hotspot, Diginauts. Border dissidence, digital resistance & the production of irregularized migrants, University of Copenhagen/IT University of Copenhagen, Denmark, 24-25 October 2019.
2019	Pollozek, Silvan & Passoth, Jan-Hendrik: Infrastructuring European Border Control in Greece, Institutskolloquium „queering walls". Data, Borders, Entanglements: Infrastructures and Practices of the Regulation of Migration at the Meditaranean, at 'Hotspots' and at Sea ["Mauern/überschreiten". Daten, Grenzen, Verflechtungen: Infrastrukturen und Praktiken der Migrationsregulierung in mediterranen "Hot Spots" und auf See], Humboldt University Berlin, Germany, 22 October 2019.
2019	Pollozek, Silvan: Oligopticons, templates and plug-ins. Reassembling European border control, Nordic Science and Technology Studies Conference 2019, University of Tampere, Finland, 14 June 2019.
2019	Pollozek, Silvan: Researching the Travel of Information within Institutional Ecologies of European Border Control, A mobilities lens to the human mobility-environment nexus, Wageningen University, Netherlands, 6-7 June 2019.
2019	Pollozek, Silvan: Oligopticons, templates and plug-ins. Reassembling European border control, Infrastructuring Migration. Contributions and challenges for the study of technology and mobility, University of Linköping, Sweden, 7-8 May.
2019	Pollozek, Silvan: Infrastructuring European Border Control in Greece, MCTS Doctoral Colloquium #mytopic.in.society, Technical University of Munich, Germany, 22 February 2019.
2018	Pollozek, Silvan: Drawing things together at Moria Registration and Identification Center. On organizing and modes of infrastructures of European Migration and Border Management, Workshop: How can Science and Technology Studies help to reflect on the political crisis associated with refugees and asylum seekers?, University of Coimbra, Portugal, 27 September 2018.
2018	Pollozek, Silvan: Producing accessible data, reactualizing datasets and synchronizing data practices. Inscribing temporal and normative orderings into the information infrastructure Frontex Joint Operation Reporting Application, Workshop: On time.

	Temporal and normative ordering of mobilities, University of Siegen, Germany, 13 September 2018.
2018	Pollozek, Silvan: Technologies of Sensing and Sense Making. Frontex Screening and its socio-technical arrangement of truth assessment at Moria Hotspot, Greece, conference of the European Association for the Study of Science and Technology (EASST), Lancaster, Great Britain, 26 July 2018.
2018	Pollozek, Silvan: Situating framing, overflowing and surprise in organizational processes. On interplays of bodies, technologies and scripts, conference of the European Group for Organizational Studies (EGOS), Tallinn, Estonia, 05 July 2018.
2018	Pollozek, Silvan: Information infrastructures of apodemics. Frontex Information System PeDRA and the production of knowledge of traveling and migration routes, conference of the Società Italiana di Studi su Scienza e Tecnologia (STS Italia), University of Padua, Italy, 14 June 2018.
2017	Pollozek, Silvan: Reform to enable support. Frontex' interventions in Greece and their role on infrastructures of European border and migration management, 8th Tensions of Europe Conference, Athens, Greece, 08 September 2017.
2017	Pollozek, Silvan: Logistics of Migration. Governing people, flows and risks in European Migration Management, MCTS Doctoral Colloquium #mytopic.in.society, Technical University of Munich, Germany, 27 July 2017.
2017	Pollozek, Silvan and Jan-Hendrik Passoth: Data Collection and the Logi(stic)s of Migration, Peopling Europe through Data Practices, Tate Modern und Goldsmiths College, London, Great Britain, 17 March 2017.

Organized Workshops/Panels

2025	Pollozek, Silvan, Volkova, Maria, & Trauttmansdorff, Paul (panel organizers): Classificatory systems, values, and standards in the context of migration, borders, and security, STS Italia International Conference, University of Milano, Italy, June 11-13.
2025	Pollozek, Silvan et al. (conference organizers): COST Action DATAMIG Annual Conference, University of Ljubljana, Slovenia, June 4-6.
2025	Pollozek Silvan et al. (workshop organizers): Calculation Migration Paper Workshop for a Special Issue, Linköping University, Sweden, May 7-8.
2024	Pollozek, Silvan et al. (panel organizers): Calculation Migration, EASST conference, University of Amsterdam, Netherlands, July 16-19.
2024	Pollozek, Silvan et al. (panel organizers): Towards Reflexivity on the Expanding Landscape of Digital and Biometric Technologies at the Intersection of Migration and Border Control, IMISCOE conference, University of Lisbon, Portugal, July 2-5.
2024	Pollozek, Silvan et al. (conference organizers): COST Action Datamig Annual Conference and Working Group 1 Workshop, University of Athens, Greece, June 24-26.
2024	Pollozek, Silvan et al. (workshop organizers): COST Action Datamig Working Group 1 Workshop, University of Utrecht, Netherlands, April 9-10.
2024	Pollozek, Silvan et al. (conference organizers): STS-MigTec Annual Conference, University of Utrecht, Netherlands, April 8-9.
2024	Pollozek, Silvan et al. (workshop organizers): Calculating Migration Workshop. Collaboratory on Relocation Algorithms in Asylum Administrations. International Workshop, European University Viadrina Frankfurt (Oder), Germany, January 25-26.
2023	Pollozek, Silvan & Amelung, Nina (panel organizers): Researching digital borders – taking stock, challenges, and new directions of research, International Conference "Contesting 21st Century B/Orders" by the Viadrina Center B/ORDERS IN MOTION, European University Viadrina Frankfurt (Oder), Germany, September 06-08, 2023.
2023	Pollozek, Silvan & Passoth, Jan-Hendrik (workshop organizers): Paper workshop technopolitics of interoperability and the making of European migration and border control, European New School of Digital Studies, Frankfurt (Oder), Germany, October 26-27, 2023.
2023	Pollozek, Silvan, Dijstelbloem, Huub, Amelung, Nina & Passoth, Jan-Hendrik (workshop organizers): Permacrises Infrastructures, Institute for Advanced Studies, University of Amsterdam, Netherlands, 9-10 October, 2023.
2023	Pollozek, Silvan, Passoth, Jan-Hendrik & Lang, Benedict (panel organizers): The politicization of infrastructures. European transformations in the name of geopolitics,

	security, and crisis, STS-Italia International Conference, University of Bologna, Italy, June 28-30. (panel accepted)
2023	Pollozek, Silvan et al. (workshop organizers): STS-MigTec Paper Workshop 2023, University of Bologna, Italy, March 21-22, 2023.
2022	Pollozek, Silvan & Passoth, Jan-Hendrik (panel organizers): Techno-politics of interoperability, European Association for the Study of Science and Technology (EASST) conference, Spain, July 5-9, 2022.
2022	Pollozek, Silvan et al. (workshop organizers): STS-MigTec Writing-for-publication Workshop 2022. Encounters between Science and Technology Studies & Border and Migration Studies, National and Kapodistrian University of Athens, Greece, May 19-21, 2022.
2022	Pollozek, Silvan & Leese, Matthias (panel organizers): "Data quality" in border control and migration management: Politics, practices, and implications, STS-MigTec Paper Workshop 2022 online, 15-17 February 2022.
2022	Pollozek, Silvan et al. (workshop organizers): STS-MigTec Paper Workshop 2022 online, 15-17 February 2022.
2021	Pollozek, Silvan et al. (organizers): STS-MigTec Retreat [online summer school], 06-10 September 2021.
2021	Pollozek, Silvan & Anderlini, Jacopo (session organizer): EURODAC, hotspots, repatriation routes: (trans)formations of socio-technical assemblages of the European border regime, Annual International Conference of the Royal Geographical Society, London, Great Britain, 31 August 2021.
2021	Pollozek, Silvan et al.: STS-MigTec online paper workshop 2021, International conference, online, January 25-26.
2020	Pollozek, Silvan, Mauch, Felix & Mora Gamez, Fredy (workshop organizers): Logistical Power. Infrastructures and State Formation Beyond the Nation State, International workshop at the Munich Center for Technology in Society, Technical University of Munich, Germany, November 27-28.
2020-2021	Pollozek Silvan et al. (lecture series organizers): STS-MIGTEC Circle Online Series (http://sts-MigTec.org/news-events/sts-MigTec-circle/).
2020	Pollozek, Silvan & Amelung, Nina (session organizers) & Dijstelbloem, Huub (discussant): Contesting the 'migration/border control machine': entanglements of information and surveillance infrastructures with the making of publics/'non-publics', European Association for the Study of Science and Technology (EASST) conference, Prague, Czech Republic, 18-21 August.

Teaching

WS 2025/26	Power, Data Injustice, and Technocolonialism. Critical Approaches towards Big Data, Digital Platforms and AI, M.A. course, European University Viadrina.
WS 2025/26	Critical Infrastructure, M.A. course, European University Viadrina.
SS 2025	Material and Digital Witness, M.A. course, European University Viadrina.
SS 2025	Border Regimes in Eastern Europe, M.A. course, European University Viadrina.
WS 2024/25	Interactionist and pragmatist science and technology studies, B.A. course, European University Viadrina.
WS 2024/25	Open-Source Investigations (OSINT) in the context of migration and border control, in collaboration with Prof. Migle Bareikyte (ENS) and Guillén Torres Sepulveda (UvA), M.A. course, European University Viadrina.
SS 2024	Studying technologies with Science and Technology Studies (STS), M.A. course, European University Viadrina
SS 2024	Decentering objects in technoscience, M.A. course, European University Viadrina
WS 2023/24	Technopolitics, M.A. course, European University Viadrina
WS 2023/24	Data activism against policing, migration management, and border control, M.A. course, European University Viadrina.
SS 2023	How to study policy documents? Analyzing the regulation of digital borders, M.A. course, European University Viadrina.

SS 2023	The externalization of the European border regime, M.A. course, European University Viadrina.
WS 2022/23	The datafication of European migration and border control - a research seminar, M.A. course, European University Viadrina.
WS 2022/23	How to study technologies? A theoretic-empirical exploration, B.A. course, European University Viadrina.
05/2022	Lecturer at the STS-MigTec Writing-for-publication Workshop 2022. Encounters between Science and Technology Studies & Border and Migration Studies. Athens, May 19-21, 2022.
SS 2022	Holding European migration and border control actors accountable? The case of the European Border and Coast Guard Agency (FRONTEX), M.A. course, European University Viadrina.
SS 2022	Feminist Technoscience, M.A. course, European University Viadrina.
WS 2021/22	Science and technology studies - an introduction, B.A. course, European University Viadrina.
WS 2021/22	Infrastructures and politics of circulation, M.A. course, European University Viadrina.
SS 2021	Biometrics, databases, algorithms. Technologies and devices of migration and border control, B.A. course, European University Viadrina.
SS 2021	(Im)possible Images – digital media, reality and the arts, M.A. course, European University Viadrina.
WS 2018/19	Europe by Design? Digital Infrastructures for an Interoperable Europe, M.A. course, TUM.
WS 2017/18	Technology and Security in Society: Contemporary Risks and Challenges, with Dr. Nina Witjes et al. at MCTS, M.A. course, TUM.
WS 2017/18	Controlling Flows: Exploring the Past, Present, and Future of Logistics in TechnoSocieties, with Dr. Felix Mauch at MCTS, M.A. course, TUM.
WS 2016/17	Making Mess with Methods, with Dr. Jan-Hendrik Passoth, Peter Müller at MCTS, M.A. course, TUM.
SS 2016	Digital Infrastructures, Standards and Interoperability, with Mariya Dzhimova at MCTS, M.A. course, TUM.
WS 2015/16	Von Tron zu TED Talks (Wissenschaft und Technik in den Medien), with Jan Passoth et al., M.A. course, TUM.
WS 2013/14	Tutorial, "Einführung in die Soziologie" (Introduction of Sociology), with Peter Müller, LMU
SS 2013	Tutorial „Soziologische Theorien" (Sociological Theory), with Peter Müller, LMU

Coordination and Acquisition of Third-Party Funded Projects

2025	*Resubmitting Transformation: Energy Infrastructures and Public Administration in Update Mode,* full proposal for a subproject within the DFG Research Group *Society in Update Mode: Provisionality as Program and Practice*, submitted 05/2025. Role**:** Co-applicant Funder**:** DFG [Full proposal not successful]
2024	*Democratizing AI-based Migration Governance in Europe (DEMOMIG)* Submitted within the funding initiative *Transformational Knowledge on Democracies under Change – Transdisciplinary Perspectives – Cooperation Projects*. Role**:** Principal applicant of an inter- and transdisciplinary team of legal, data, and social scientists and civil society organizations. Requested funding**:** EUR 1,429,600 Funder**:** Volkswagen Foundation [Proposal not successful]
2023-2027	*EU COST Action: Data Matters – Sociotechnical Challenges of European Migration and Border Control (DATAMIG*) Role**:** Co-applicant, member of the Steering Group and Management Committee, and leader of one of three working groups (approx. 100 members). Funder**:** COST Funding**:** Approx. EUR 500,000 for networking activities [Proposal approved]
2021-2025	*Calculating Migration. A Multi-sited Ethnography of Algorithmic Governance and Redistribution Keys*

	Role: Co-applicant and coordinator of work packages at Viadrina. Joint application during my PhD for a postdoctoral position; official applicant: Prof. Passoth. Funder: Riksbankens Jubileumsfond Funding: Approx. EUR 480,000 for two postdoctoral positions at European University Viadrina Frankfurt (Oder) and Linköping University [Proposal approved]
2021	*Trans|Form|Viadrina Application by European University Viadrina Frankfurt (Oder)* within the Innovative University funding initiative by the Federal and State Governments. Role: Core team member in proposal preparation Funding volume: EUR 3.7 million Funder: BMBF [Proposal not successful]
Since 2017	Co-founder and co-leader of the interdisciplinary research network *STS-MigTec*, currently with approx. 500 members.
2018-2020	*HIRING – Human-centric Innovative Approach and Training for the Management of Human Resources through the Integration of the Next Generation of AI Technologies* Role**:** Coordinator of work packages at TUM Funder**:** EU ERASMUS+
2017	*Infrastructuring Migration Management & Border Control* Submitted within the funding initiative Europe and Global Challenges. Joint application during my PhD with Prof. Passoth as official applicant. Requested funding: EUR 980,000 Funder: Volkswagen Foundation [Proposal not successful]

Interdisciplinary Collaboration in Research and Teaching

2024–2026	Interdisciplinary publication project: *Migration Data Matters. A Keyword Approach to the Datafication of Migration and Border Control* A collection of 25 keywords authored by interdisciplinary teams from fields such as social and political sciences, anthropology and ethnology, cultural and media studies, history, and law.
2024	*Democratizing AI-based Migration Governance in Europe (DEMOMIG)* Principal applicant of an inter- and transdisciplinary team composed of legal, data, and social scientists, as well as civil society organizations (AlgoRace, Border Violence Monitoring Network, Homo Digitalis).
2023-2027	*EU COST Action: Data Matters – Sociotechnical Challenges of European Migration and Border Control (DATAMIG)* Organization of numerous inter- and transdisciplinary projects and events involving actors from academia, activism, interest and advocacy groups, and journalism.
Since 2017	Interdisciplinary research network *STS-MigTec* Organization of a wide range of interdisciplinary events and publications, including Talking Books, Circle, annual workshops, as well as summer and winter schools.
2018-2020	Participation in the transdisciplinary project *Human-centric Innovative Approach and Training for the Management of Human Resources through the Integration of the Next Generation of AI Technologies (HIRING)* Development of a learning app in collaboration with economists, app developers, and adult education specialists.
WS 2024/25	*Open-Source Investigations (OSINT) in the Context of Migration and Border Control,* Viadrina University M.A. research seminar co-taught with Prof. Migle Bareikyte (Media Studies, ENS), Guillén Torres Sepulveda (Digital Methods, University of Amsterdam), and Galen Reich (Computational Scientist, Bellingcat).
SS 2021	*(Im)possible Images – Digital Media, Reality, and the Arts*, Viadrina University M.A. seminar at the intersection of STS, art studies, and artistic production, co-taught with Mariya Dzhimova (STS, AI and Art) and Luzi Gross (Curator), as part of the exhibition of the same name at Lothringer 13 Halle, Munich.
WS 2017/18	*Controlling Flows: Exploring the Past, Present, and Future of Logistics in TechnoSocieties*, MCTS, TU Munich M.A. seminar co-taught with Dr. Felix Mauch (History of Technology).
